eStravenka

# Electronic meal vouchers

The eStravenka works the same way as a classic Mastercard payment card. It is simple to operate and only requires a standard payment terminal. The money will arrive in your account within two days after payment without any extra hassle. Your transactions are in one report together with your other card payments and you just need the merchant number to be included in the system.

## Advantages of eStravenka for partners

### Money on bank account within two days

Mastercard processes payments faster than you would build a third lunch menu.

### Big time saver

You do not have to collect, count, or send in your meal tickets for reimbursement. You know, every minute counts...

### All you need is a payment terminal

eStravenka is from Mastercard. This makes it work like other payment cards.

## This is how eStravenka works

### Payment by card

is always covered and with no limit

### Money within two days

you do not have to waste time by waiting for money

### On-line overview

all transactions are clearly visible in the customer zone

### Billing at the end

for more than a month you have all the assets on you

# How to accept eStravenka payments?
